Once upon a time, there was a green rabbit. Her name was Nina. She had 6 friends:

a black cat,
a green dog,
a blue shark,
a purple wolf,
a yellow tiger,
and a blue lion.

One day, the animals had lunch in the forest. They ate pasta, pizza, hamburgers, **more** hamburgers, **even more** hamburgers, fruit and chocolate cake!!!

« I have a stomach ache! » Said the blue lion.

« Me too, » said Nina the green rabbit.

The yellow tiger and the purple wolf said, « We're tired! We want to sleep! »

After sleeping, the purple wolf and the yellow tiger played tennis.

The blue shark and the black cat played handball.

The green dog and the blue lion played volley ball.

Afterwards, they went to the beach.

The green dog and the black cat played with a beachball while the purple wolf, the yellow tiger and the blue shark went swimming.

A big, rainbow monster with big sharp teeth and ten little legs was in the water. He smelled the animals. He swam toward them. The blue lion saw the big monster!
